MODEL WATER RESTRICTION BY-LAW

I, Tim Holding, Minister for Water, as Minister administering the Act issue, under section 287ZB of the Act, the following Model By-law.

.....

Tim Holding MP
Minister for Water

Date: 29/05/08

WATER RESTRICTION BY-LAW

Central Gippsland Region Water Corporation makes the following By-law:

1. AUTHORISING PROVISIONS

This By-law is made under sections 160, 171(1)(a), (ba), (bb), (bc), (e) and (j) and 287ZC of the Act.

2. PURPOSES

The purposes of this By-law are to:

- (a) *promote the conservation of water; and*
- (b) *set out four stages of restrictions on the use of water; and*
- (c) *specify when and how a stage of restriction may be imposed; and*
- (d) *specify things which must not be done while each stage of restriction persists; and*
- (e) *specify principles for considering applications for exemptions from particular restrictions; and*
- (f) *specify principles for deciding when to lift restrictions; and*
- (g) *prescribe offences and penalties for the contravention of this By-law; and*
- (h) *prescribe classes of persons for the purpose of issuing infringement notices.*

3. DEFINITIONS

The following definitions apply in this By-law, unless the contrary intention appears.

"Act" means the *Water Act 1989*.

"**application for exemption**" means an application made under paragraph 6.1(a).

"**authorised person**" means a person authorised in writing by Central Gippsland Region Water Corporation for the purposes of undertaking the functions referred to in paragraph 6.1(c).

"district" means one of the following districts serviced by Central Gippsland Region Water Corporation:

Sale	Traralgon	Moe	Warragul
Boisdale	Traralgon South	Newborough	Drouin
Briagalong	Tyers	Yallourn North	Yarragon
Seaspray	Glengarry	Erica	Darnum
Glenmaggie	Toongabbie	Rawson	Neerim South
Heyfield	Morwell	Thorpdale	Nilma

Coongulla	Yinnar South	Westbury	Buln Buln
Wurruk	Boolarra	Yallourn Heights	
Pearsondale	Jeeralang Junction	Hearn's Oak	
Fulham	Jeeralang North		

"paragraph" means a paragraph of this By-law.

"restriction" includes prohibition.

"Central Gippsland Region Water Corporation"

4. STAGES OF RESTRICTION

4.1 Subject to sub-clause 4.5, Central Gippsland Region Water Corporation may impose:

Stage 1 (Mild) Restrictions; or
 Stage 2 (Medium) Restrictions; or
 Stage 3 (High) Restrictions; or
 Stage 4 (Critical) Restrictions,

as the case requires, in any district of the water corporation, by publishing a notice in a newspaper circulating generally in that district.

4.2 Subject to sub-clause 4.5, Central Gippsland Region Water Corporation must impose a stage of restriction in a district, whenever a restriction level trigger specified in its drought response plan or its by-laws is reached.

4.3 Despite sub-clause 4.2, Central Gippsland Region Water Corporation may also impose a stage of restriction in a district, if it reasonably concludes that:

- (a) because of the failure of a major pipeline, pumping station, treatment plant or other key water supply work, Central Gippsland Region Water Corporation will temporarily be unable to meet the demands of its customers; or
- (b) an existing stage of restriction has failed to provide the combined estimated savings for the relevant stage, as set out in Schedule 1; or
- (c) a stage or higher stage of restriction should be introduced to conserve water available to a district.

4.4 When a stage of restriction is imposed in a district under sub-clause 4.2 or 4.3, the relevant restrictions on water use designated for that stage in Schedule 2 apply in that district.

4.5 Despite sub-clause 4.2, Central Gippsland Region Water Corporation may decline to impose a stage of restriction in a district if it reasonably concludes that the circumstances indicating the need for that stage are likely to be so temporary that the public inconvenience caused by imposing that stage of restriction would outweigh the water conservation benefits to be gained from imposing that stage.

5. **SUSPENDING RESTRICTIONS**

5.1 Despite sub-clause 4.4 and subject to sub-clause 5.2, Central Gippsland Region Water Corporation may, from time to time during any stage of restriction in a district, wholly or partially suspend, or vary the prescribed hours of, the operation of any restriction on water use designated for that stage in Schedule 2:

- (a) in relation to such class of use or users; and
- (b) in such manner; and
- (c) subject to such conditions; and
- (d) for such period,

within that district as Central Gippsland Region Water Corporation may specify, by publishing a notice in a newspaper circulating generally in that district.

5.2 In deciding whether or not wholly or partially to suspend, or vary the prescribed hours of, the operation of a restriction under sub-clause 5.1, Central Gippsland Region Water Corporation will have regard to:

- (a) recent climate patterns and prevailing seasonal forecasts; and
- (b) any anticipated change in demand attributable to the prevailing stage of restriction; and
- (c) any other relevant matter which Central Gippsland Region Water Corporation thinks fit to have regard to.

6. **EXEMPTION FROM RESTRICTIONS**

6.1 **Applications for Exemptions**

- (a) A person may apply to Central Gippsland Region Water Corporation for an exemption from a stage of restriction which has been, or which may in future be, imposed under sub-clause 4.1.
- (b) An application for exemption must be in a form approved by Central Gippsland Region Water Corporation.

-
- (c) An authorised person:
- (i) must consider an application for exemption; and
 - (ii) subject to this clause, either before or after the relevant stage of restriction has been imposed:
 - may grant the application in full or in part and subject to such conditions as the authorised person considers appropriate; or
 - may refuse the application; and
 - (iii) may revoke any exemption at any time, by giving written notice to the applicant.
- (d) An exemption ends at any time specified in the exemption, or when:
- (i) the stage of restriction to which the exemption relates is lifted; or
 - (ii) a more severe stage of restriction is imposed.

6.2 General rules about exemptions

An authorised person must not grant an application for exemption in relation to a particular stage of restriction, unless the authorised person is reasonably satisfied that the proposed exemption **EITHER:**

- (a) is necessary to avoid an inequitable and disproportionately adverse impact upon the livelihood of the applicant which would be caused by the level of restriction; **OR**
- (b) would result in less water being used by the applicant than the lesser amount of the water that the applicant would otherwise;
 - (i) have been allowed by Central Gippsland Region Water Corporation to use; or
 - (ii) based on prior consumption, is likely to have used for the same purpose under that stage of restriction; **OR**
- (c) is necessary because of the special needs of the applicant; **AND** would merely alter the hours between which water may be used by the applicant, **BUT** would not increase the total number of hours in any day for which water may be used by the applicant under that stage of restriction; **OR**
- (d) would avoid or minimise appreciable physical damage to a building or other structure owned or occupied by the applicant during that stage of restriction; **OR**
- (e) is necessary to avoid any adverse effect on public health or safety;

AND

- (f) would not, in combination with other comparable applications reasonably anticipated by Central Gippsland Region Water Corporation, have a significant impact upon the total daily demand for water by Central Gippsland Region Water Corporation's customers in the relevant area where the use will occur during that stage of restriction; **AND**

-
- (g) is likely to be generally supported by other Central Gippsland Region Water Corporation customers who are affected by that stage of restriction.

6.3 Exemptions for gardens open to the public

Despite sub-clause 6.2, an authorised person may grant an application for exemption with respect to a garden which is either usually or periodically open to the public (whether or not a fee is payable) if:

- (a) the application is accompanied by a water conservation plan for the garden; and
- (b) the water conservation plan has previously been approved by Central Gippsland Region Water Corporation; and
- (c) the authorised person is reasonably satisfied that, if the garden is watered in accordance with the water conservation plan, the proportion of water saved in watering the garden will be no less than any proportion set out in Schedule 1 for a relevant month under a relevant stage of restriction.

6.4 Exemptions for certain playing surfaces

Despite sub-clause 6.2, an authorised person must not grant an application for exemption during a period of restriction to water any playing surface (including an exempt playing surface, as defined in Schedule 2) unless the application:

- (a) relates to a surface which is to be used for an inter-State, national or international professional sporting competition, the dates for which were scheduled before the relevant stage of restriction was declared; and
- (b) is granted for a finite period, which includes the dates during which the competition is to be held, determined after consulting the applicant.

6.5 Exemptions for water tankers

Despite sub-clause 6.2, an authorised person must not grant an application for exemption to fill a water tanker, as defined by Schedule 2, during any period of restriction, unless:

- (a) the application relates to water to be used to hand-water trees by means of a hose fitted with a trigger nozzle; and
- (b) the exemption is subject to the condition that the water tanker must only be filled between 8 am and 8 pm.

7. LIFTING A STAGE OF RESTRICTION

7.1 Subject to sub-clause 7.2, Central Gippsland Region Water Corporation may:

- (a) lift a prevailing stage of restriction and substitute a lesser stage of restriction; or
- (b) lift a prevailing stage of restriction,

whenever Central Gippsland Region Water Corporation reasonably concludes that the relevant circumstances which led Central Gippsland Region Water Corporation to impose the prevailing

stage of restriction in a district no longer exist, or are about to change, by publishing a notice in a newspaper circulating generally in that district.

- 7.2 Despite sub-clause 7.1, Central Gippsland Region Water Corporation may decline to lift a prevailing stage of restriction if it reasonably concludes that either:
- (a) continuing that stage of restriction is necessary or desirable to increase or conserve available water; or
 - (b) the change in circumstances which would otherwise justify Central Gippsland Region Water Corporation in lifting the stage of restriction is likely to be so temporary that the public inconvenience caused by lifting and subsequently re-imposing a stage of restriction would outweigh the benefits to Central Gippsland Region Water Corporation's customers of temporarily lifting the prevailing stage of restriction.

8. CONTRAVENTIONS OF THIS BY-LAW

- 8.1 A person who receives a supply of water from Central Gippsland Region Water Corporation in a period when stage 1 restrictions imposed by or under this By-law are in force must not contravene any such restriction on the use of that water.

Penalty: For a first offence, 15 penalty units;
For a second or subsequent offence, 30 penalty units.

- 8.2 A person who receives a supply of water from Central Gippsland Region Water Corporation in a period when stage 2 restrictions imposed by or under this By-law are in force must not contravene any such restriction on the use of that water.

Penalty: For a first offence, 20 penalty units;
For a second or subsequent offence, 40 penalty units.

- 8.3 A person who receives a supply of water from Central Gippsland Region Water Corporation in a period when stage 3 restrictions imposed by or under this By-law are in force must not contravene any such restriction on the use of that water.

Penalty: For a first offence, 30 penalty units;
For a second or subsequent offence, 60 penalty units or 3 months' imprisonment.

- 8.4 A person who receives a supply of water from Central Gippsland Region Water Corporation in a period when stage 4 restrictions imposed by or under this By-law are in force must not contravene any such restriction on the use of that water.

Penalty: For a first offence, 40 penalty units or 3 months' imprisonment;
For a second or subsequent offence, 80 penalty units or 6 months' imprisonment.

Notes:

1. *In this By-law “penalty unit” has the same meaning as in section 110 of the Sentencing Act 1991. The value of a penalty unit increases each year under the Monetary Units Act 2004. The current value of each penalty for contravening a restriction is set out on Central Gippsland Region Water Corporation’s website www.gippswater.com.au.*
2. *The Act also makes it an offence to waste, misuse or excessively consume water and imposes **substantial penalties** which include one or more of fines, imprisonment and daily penalties.*
3. *Central Gippsland Region Water Corporation has further power to reduce or restrict the supply of water to a person who contravenes the Act or regulations in relation to misuse of, or taking water. Central Gippsland Region Water Corporation can also disconnect the services to a property in relation to which a notice of contravention has been issued and not complied with.*

9. POWER TO SERVE AN INFRINGEMENT NOTICE

- 9.1 An authorised water officer appointed under section 291A of the Act by Central Gippsland Region Water Corporation may serve an infringement notice on another person in respect of an offence against clause 8 if the authorised water officer reasonably believes that the person has committed the offence.
- 9.2 For the purposes of this clause, the infringement penalty for an offence against a sub-clause set out in Column 1 of the Table is the relevant amount set out in Column 2 of the Table in respect of that offence.
- 9.3 A summary of an offence in Column 3 of the Table is not to be taken to affect the nature of elements of the offence to which the summary refers.

TABLE

SCHEDULE 2

PART A – DEFINITIONS

1. In clause 2, a reference to a restriction, is to a restriction in the Table.
2. In the Table, unless the context requires otherwise:

Alternate day means:

- (a) in the case of a property with an odd street number, each odd-numbered day of any month; and
- (b) in the case of a property:
 - (i) with an even street number; or
 - (ii) without a street number,each even-numbered day of any month; and
- (c) in the case of any property, the 31st day of any month.

Animal husbandry, as used in restriction 22, includes keeping, raising or breeding any animals or birds either:

- (a) for commercial purposes; or
- (b) on such a scale, or in such a manner, as Central Gippsland Region Water Corporation considers to be comparable to a commercial undertaking.

Automatic watering system means a watering system capable of being set to turn on and off automatically, at pre-determined times, without human intervention.

Building façade or window, as used in restriction 19, means any external surface of, or attached to, a building, including any roof, wall, window or blind of that building.

Commercial car wash means any commercial facility for washing vehicles.

Commercial market garden or commercial or Council plant nursery, as used in restriction 12, means land used wholly or primarily to grow vegetation or produce, either:

- (a) for sale or distribution for profit; or
- (b) for Council use.

Construction, as used in restriction 21, includes erecting, altering, demolishing or removing any building, structure or civil engineering or other work, and any associated on-site or off-site activity.

Dam or tank, as used in restriction 10, does not include any pond or lake, referred to in restriction 4.

Dripper watering system means either an automatic watering system or a manual watering system, as the case requires, which drips water on, or near to, the root zone of plants, by drippers at a fixed rate of flow, not exceeding 9 litres per hour for every linear metre of the watering system.

Exempt playing surface, as used in restriction 3, includes:

- (a) a turf wicket or practice wicket for cricket; or
- (b) a lawn or other type of running track; and
- (c) a lawn, *en tous cas*, or other type of tennis court other than a concrete, bitumen or asphalt tennis court ; and
- (d) a hockey pitch, bowling or croquet green; and
- (e) a golfing tee or green (but not approaches),

at a sporting facility:

- (i) for public, commercial or general community use; or
 - (ii) associated with a university, school or other educational institution, and
- (f) further includes a soft-fall area at a child-care facility,

but does not include any part of a sporting facility associated with a private club or similar community organisation.

Existing means existing at the time when the prevailing stage of restriction was declared.

Fill, in relation to restrictions 4, 5, 6, 7, 8, 10 and 11, means adding any water to the existing volume, if the relevant receptacle is less than 75% full.

Fountain or water feature, as used in restriction 5, includes any indoor or outdoor ornamental fountain or water feature and, except in relation to Stage 4 restrictions, with a volume:

- (a) of up to 500 litres, that projects water for more than 20 centimetres above the outlet of that water; or
- (b) of more than 500 litres.

Garden area means any land upon which vegetation of any kind, other than lawn, grows or is cultivated, for other than commercial purposes. (*See "Lawn area"*).

Hand-held hose means a hose that is held by hand, when it is used, which:

- (a) in the case of commercial and construction activities, has an internal diameter of no more than 50 mm; or
- (b) in the case of any other activities, has an internal diameter of no more than 25mm.

Hard surface, as used in restriction 18, includes any courtyard, decking, footpath, driveway or other external area, with a concrete, asphalt, brick, tile, bitumen, timber or similar impervious surface.

High pressure water cleaning device means a machine which has a pump to increase the pressure of water delivered from a trigger nozzle, forming part of the device.

Lawn area means any area, grassed or sown with grass seed. *See "Garden area"*.

Mobile Spa includes any spa that is capable of being moved for use in different locations.

Manual watering system means:

- (a) a watering system which is not an automatic watering system; or
- (b) an automatic watering system, operated manually, rather than automatically.

Municipal pool or spa, as used in restriction 7, means a swimming pool or spa, of 500 litres or more, for public use, which is operated by, or on behalf of, a public authority.

Other purpose, as used in restriction 24, means any purpose for which water may be used outside a building, which is not a purpose otherwise referred to in this Schedule.

Pond or lake, as used in restriction 4, includes any collection of water for ornamental or urban drainage retention purposes, but does not include a fountain or water feature referred to in restriction 5.

Public authority means any body:

- (a) constituted by or under an Act; or
- (b) exercising powers under an Act,

for a public purpose and includes a Council under the *Local Government Act 1989*.

Public garden or lawn, as used in restriction 2, includes:

- (a) any garden, lawn, plantation, park, reserve or other area, used for public recreation or amenity; and
- (b) any cemetery, crematorium, central road area or roundabout under the management or control of a public authority,

but does not include:

- (c) any residential or commercial gardens or lawn, referred to in restriction 1; or
- (d) any sportsground referred to in restriction 3; or
- (e) any nature strip.

Residential or commercial garden or lawn, as used in restriction 1, includes any garden or lawn associated with any residential, commercial or industrial premises and, for example, any:

- (a) dwelling;
- (b) commercial or industrial building;
- (c) hospital or nursing home;
- (d) sporting club;
- (e) day-care centre, kindergarten, school, university or research institute,

and also includes any adjacent nature strip in an adjoining road.

Residential or Commercial Pool or Spa, as used in restriction 6, means a swimming pool or spa, operated for private use or commercial purposes, or in conjunction with any commercial premises (including any hotel), other than a municipal pool or spa referred to in restriction 7.

Restriction, includes prohibition

Sportsground, as used in restriction 3, means any land used or capable of being used, for any organised sport or recreation.

Top up, in relation to restrictions 4, 5, 6, 7, 10 and 11, means adding any water to the existing volume, if the relevant receptacle is at least 75% full.

Trigger nozzle means a nozzle controlled by:

- (a) a trigger which must be depressed continuously, or locked in the "on" position, by hand for water to flow; or
- (b) a discreet switch which can be turned on and off by hand, with a single movement.

Vehicle includes boat, aircraft and any other vehicle whatsoever, however it is propelled or moved.

Water means water supplied by works of Central Gippsland Region Water Corporation, but does not include recycled or reclaimed water.

Watered means the use of Water

Water Conservation Plan, means a document, in writing or by plans, prepared to the satisfaction of the Corporation which once approved by the Corporation will operate as a precondition to water use under a stage of restriction.

Water toy, as used in restriction 9, means any toy that is operated by running water, supplied through a hose.
